

District 1 Report
February, 2017 AWSC

Greetings from District 1! We are eager to begin a new year and prepare for our transition to the next Panel.

Over the past year one of our AFGs has added a Beginners meeting to our district. It has been a wonderful learning experience for all of us and has provided experience, strength and hope for many newcomers.

Two Thought Forces have been initiated, one on changing from our expensive phone answering system to one that is more affordable and meets the needs of anyone influenced by someone's drinking. The second one is to explore the roles and responsibilities of the Literature Coordinator for our district.

Our Writers Workshop in October, led by our Alternate Delegate, Jill and our Area Literature Coordinator, Pat was great fun as well as an opportunity to share our experience, strength and hope through writing.

Communication display boards are being developed for each AFG to use to communicate all upcoming District, Area and WSO events. Transparent sleeves are used to display the latest flyers.

Respectfully submitted,
Susan R, District 1 Representative
