2. DR/AISLs: *Please* Schedule Trainings Now for First Quarter 2018

Please all DR/AISLs work together now to schedule one or two AMIAS trainings per District for first quarter of 2018

Work with your Alateen Chair and/or a local Trainer to put something on the books *before* the holidays get you busy.

A training can be held before/after your district meeting, as part of a district event, at a clubhouse, a library or someone's home. It can be done in as little as two hours or make it more inviting and productive by including a potluck and/or a panel discussion.

The schedule can be posted on the Area Alateen website so everyone interested can attend a convenient training.

3. Happy Birthday – Alateen is 60

WSO is calling on all Alateens and Al-Anon/Alateen groups to send Happy Birthday cards for a *special display!*

4. 12th Step work to the next generation

How is it going?

What have you organized for older and/or younger kids?

Worked with a District or Clubhouse birthday party, picnic or other event to be sure kids and families were welcomed?

Was it on the flyer? Did you feed and seed – invite them in to eat, hand out the Do's and Don'ts, maybe some slogan crossword puzzles or word searches? How about organizing a game? Announce get-togethers at Al-Anon *and* AA.

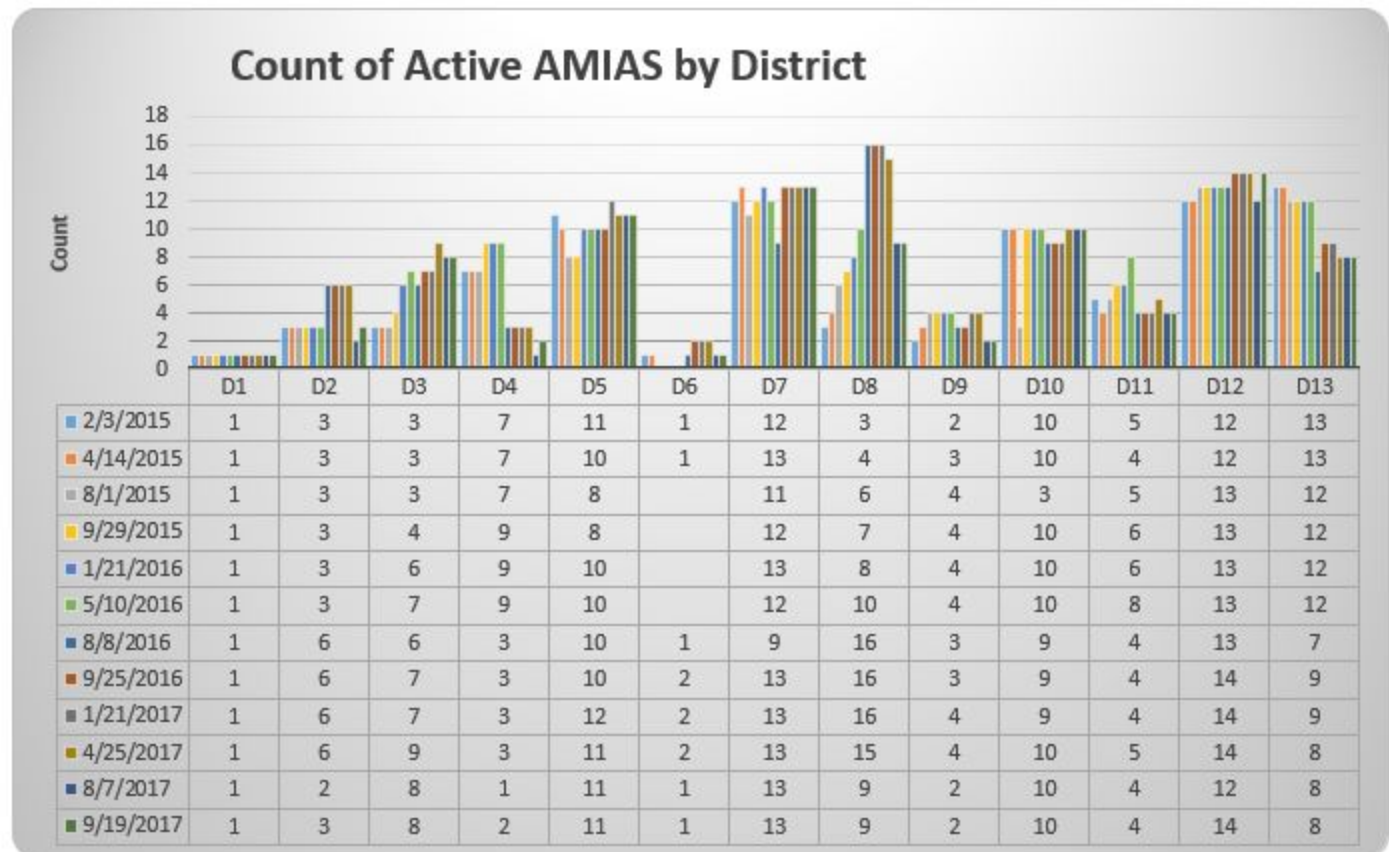

Have you stocked your meeting with some Alateen literature?
It is great for adults, too – chair a meeting with some!

6. Thank You

Thank you for your support

I appreciate it and the kids we reached really appreciate it!

Let us carry the tools to the next generation to break the chains of our family disease
