

## The 2020 Area Service Workshop

The 2020 Area Service Workshop committee met on January 25th for the first time. We discussed our role as the host district as well as the AFG Area 9- Florida North Guidelines for the Area Service Workshops.

At this time as a committee we are looking in to possible locations, our goal is to find a location that can provide a large group assembly area as well as break out rooms, for the actual work shops.

As of now we are look at dates in the fall of 2020.

We are considering the Starting time as well as the ending time. We have decided Unanimously on the theme of "When I Got Busy I got Better".

We plan to correspond VIA E-mail and Meet again on March 21st.

I have BCC the Area workshop committee.

Thank You,  
Olivia  
District 12
