

Archivist Report for Area World Service Committee Meeting

February 5-6, 2018

Hello Panel 61,

It is with great excitement and anticipation that I join Panel 61 in this position and I am looking forward to learning not only the history of our Area, but also growing outside my comfort zone in this position.

I have received a verbal hand-off from the Panel 58 Archives Coordinator and am working with the new Panel Chair and Treasurer to finalize rental of space in a local storage facility. Once the agreement is worked out I will meet with the Panel 58 Archives Coordinator and will coordinate a move of what is left in archives to the new facility in District 7.

I am please that two volunteers from District 7 have stepped up to be on the Archives committee and I look forward to meeting with them on a regular basis (once it is safe to do so) and finalize the digitizing of Area 9 information.

I will also be contacting our Area 9 Technology Coordinator to be trained in the online storage functions of our website for our information.

And so the next part of the journey begins!

In humble service,

Tina M.
