

Archivist Report for Panel 61 AWSC Meeting January 28-30, 2022

Since Fall Assembly, the committee I was planning on assisting with the completion of digitalizing the remaining 10 storage containers has not worked out. I am now going through the materials binder by binder and organizing for uploading myself. My goal is still to complete the remaining documents for Area 9 archives and be completely digitalized.

In humble service,

Tina M.
