

## August 5-7, 2023 AWSC Report

Greetings to all

As of 7/23/22 we have

- 322 Active meetings
- 143 Inactive meetings
- 34 No mail
- 2 Reported Not meeting

This information has been sent to the DRs and districts group records chairs.

Many areas are continuing to list strictly electronic meetings on their sites and are working on policies to address this change in meeting type. They must have a physical address though they are not meeting there.

Our chairperson, Elsa, has indicated she will be assigning a task force to explore how Area 9, North Florida, will proceed with electronic meetings.

**WSOs current position is that Fulltime Permanent Virtual Group registered as an Electronic Group is Not connected to a geographic area.**

There is currently NO time limit for how long a temporary electronic meetings can remain in temporary status.

There is an Electronic Meeting form available on the WSO website for those meeting wishing to be registered as Strictly Electronic and Not affiliated with the North Florida Area. There is a process for transforming an Electronic meeting to AlAnon family groups this can be found in the documents provided - WSC members 2021 "Transforming Electronic Meetings to Al-Anon Family Groups"

I was unable to attend the latest WSO AGRC Connect meeting 7/13 due to lack of connectivity. I am reviewing the 11/2 hr meeting and will send an addendum as needed

Hugs to you all. Looking forward to AWSC.  
Sue
