

It is with deep gratitude that I submit for your consideration the following updates regarding the Area Public Outreach efforts since our Spring Assembly:

● Following our Spring Assembly in June, the Public Outreach Review Team met to further our efforts. One item we discussed was the use of our resources to support the districts in their institutional outreach. It was agreed that doing so is within the scope of our work, that double headed can be avoided through clear communication and boundaries and that it was a priority to offer this assistance equally to all districts. To that effort, a brief intake form has been developed and will be distributed and reviewed with the AWSC Team when we meet.

● Efforts have been extended to the following institutions since the project began:

Central Florida Correctional Facility Reception Center	3000
Cross City Correctional Facility East Unit	432
Gainesville Work Release Center	240
Hernando County Correctional Facility	407
