

**DISTRICT 2**  
**January 2023 AWSC Report**

*“Spreading Hope”*

REFLECTIONS ON 2022

Another year navigating Covid’s comings and goings and its ongoing effect on our District... *did we Spread Hope?*

Yes! We added 2 new groups – one in Ocala and one in Live Oak, and re-started our Beginner’s Meetings (in Gainesville and in Lake City). We also learned of another informal group that has been meeting at the Florida Recovery Center and of their outreach with monthly speakers at that facility that has been ongoing.

Yes! We started an Alateen meeting.

Yes! We came together as a District in our work with 2022 Convention and our Boutique assignment. We had multiple groups and individuals making stuff and managed to sell about 85% of our goods at the Convention. We’ve heard that this year’s Boutique was possibly one of the most successful to date 😊

Yes! We continued to have monthly District meetings via zoom and face-to-face; in which we shared about our Tradition experiences (one Tradition a month). Some of our Committees had more activity than others which gives us a place to re-align our focus for 2023.

Yes! We reinvented our District Public Outreach into 3 arms: Professionals; Institutions; and Alateen, adding people resources to what used to be a one-person show.

Yes! We’ve continued to add things to our District website. The latest addition is intended to allow us to get our District Archives off paper and out of someone’s house onto an online location available to all.

Yes! We did a lot with little financial resources. We are under budget for the year which is a good thing because we are also under our projected income.

Yes! Our LDC continued to be creative with ways to get CAL out to all who needed it, despite geographical and Covid restrictions. Selling CAL is a sign of meeting a need.

And yes! We stood up to Chair 2023 Convention Hospitality and to Co-Host 2024 Convention along with Districts 1 and 4.
