

### **District 3 Report to January 2023 Assembly**

District 3 in Baker, Clay, Duval, and Nassau Counties and Ponte Vedra Beach is doing well! We have 29 groups making up 37 meetings each week that include one Spanish meeting and now TWO Alateen groups! There are 18 meeting face-to-face only, 10 meeting hybrid, 3 Zoom-only, and 1 meeting via teleconference. Our Group Representative situation continues to improve with 14 GRs now.

Our new Alateen Trainer, Phil, has been working hard to grow our Alateen presence in the District with the opening of a second Alateen meeting at the Beaches. The plan is to open several groups spread out evenly across our large District. It is thrilling to see members completing their AMIAS certification and making plans to sponsor new groups!

We are pleased to announce that we finally have a new DISL! Many of you know Freddie, who has served here at the Area level as well as in many positions in our District over the years.

District 3 will be continuing in the position of Sergeant at Arms Committee for the next Convention so you will again see folks in blue vests walking around ready to help!

As always, I am so grateful for the opportunity to do service in Al-Anon.

Thank you,

Kathleen L.

D3 DR, Panel 61

For the DISL portion of this report, Freddie says:

We continue to have a very active public outreach in Baker County and are now looking to spread into Duval County. We are working on getting our literature into sober living facilities and are looking for volunteers to reestablish meetings in institutions.
