

WINTER 2023 AWSC REPORT

Hi Everyone

It is so hard to believe that we are in our final year of Panel 61. I am so grateful and honored to have served as your Group Records Coordinator.

WSO continues to work with the process of adding Electronic ONLY (ZOOM or Other) Groups to the website. Currently there is No process for this. Therefore, they suggest we have the districts list the E meetings on their local District website.

One challenge with E meetings is having the correct District linked to the meeting if they wish to be affiliated with the District and Area.

Also just a reminder - if there is a substitute GR attending Assembly with voting status. Please don't change the GR or CMA JUST for this so a person can Vote. A member can act as an Alternate with Voting privileges if approved by the group. NO need to change data as it creates significantly more work to make a change then a few days later making the change back on the WSO site.
