

June 2023 Assembly Group Records Report

I remain humble and honored to be serving in this position. Thank you all for your experience, hope, strength, patience and love.

Currently as of 6/3/23 we have

340 Active meetings

165 Inactive

13 No mail

2 Reported not meeting

I am still having difficulties with the Strictly E meetings with regard to seeing these on the WSO Group Records site. WSO does notify me that there is an E meeting and gives me the #. However, I am unable to see any further data, add meetings, or make changes.

There is an online AFG Connects meeting today for the AGRC - Area Group Records Chairs. It will be recorded and I will listen to it when I return from Greece. Hopefully, I will get more information.

So it's only taken 5 years but I figured out I will add the members last initial and group name to the name badge. Also I will print out the sign in sheets with the group names already on it

Yours in love
Susan
