

## Archivist Activities

I am deeply grateful for the support and healing that my service position provides!

The Area Archives Committee has been busy becoming familiar with the process of digitizing, setting out our goals and getting our hands, hearts and minds into the physical archives.

We have updated the Archive Coordinator Page on the Area 9 website and will continue to do so.

We have digitized the following materials:

- 1989 Alateen Convention Manual
- 2006-2008 Treasurer Reports and
- 2011-2014 Treasurer Reports
- 2010 Service Workshop Manual "Communication Pipeline"

In addition, we have digitized notes from speeches and interviews given by Anne Bingham from the 50's to the 80's. I plan to read an excerpt from those at our Area World Service Committee Meeting, during my time to report.

I am deeply indebted to my fellow volunteers, Mark and Jeanine. Their time, energy and fellowship have allowed us to soar!

Thank you,

Diane M.
