

January 2024

Greetings North Florida!

District 2 DR

District 2 is alive and well with some new faces, along with some familiar faces. Our first District meeting is scheduled for January 21st, where the District Calendar, a Suggested Guidelines for Practices and Procedures manual, Area Red Light/Green Light questions, and GR round table will all be discussed.

District 2 currently encompasses 12 counties in North Florida. Of those 12, meetings can be found in 5 of them. The Vision of District 2 for panel 64 is: Leadership in Action- Let It Begin With Me. Officers have already discussed that District members consider bringing 1 other AI-Anon member with them to District meetings. The goal is to expand into those counties where there are no AI-Anon meetings. We hope to work towards that by inviting people to District meetings and holding meetings and Tradition workshops in different locations throughout Panel 64.

Becky E

District 2 Representative

District 2 DISL

My time since I took over the DISL position has been setting up my GMail and adding as many people to it that I possibly can. It has taken a little time because I am not familiar with Google mail. But I am learning and asking for help when needed.

Hopefully all the GR's in District 2 will respond to my request for their information quickly, and we will be ready to go.

Fran C

District 2 DISL
