

# Literature Coordinator

*Area 9 Florida North - Panel 58 - Feb. 3, 2018*

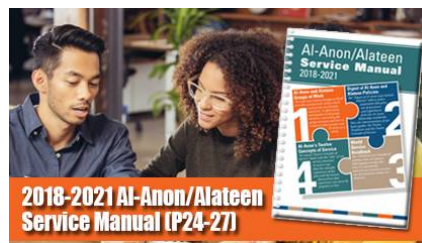

**Terry Anne A.**

Hello fellow Panel 58 members;

The first thing that has come to my attention is, Wow we have a ton of literature! That is wonderful news to all of us. The most exciting thing about that is it was all written by our membership. We have personal sharings from fellow members who really understand us, because they are us. You too can share in written form, please think about it.

Our [2018-2021 Service Manual](#) is being prepared for printing. It is available in PDF form on our main al-anon website: <http://al-anon.org/for-members/> by following this link you can view our Service Manual, complete the Membership Survey, and register for the International Convention. A very useful link, I hope you choose to use each of these resources.

The printed version of our Service Manual is promised before the World Service Conference meets in April. I'll keep you updated as information is released. The PDF version is searchable and downloadable. It may be all you need.

Our [Membership Survey](#) is a very useful tool for our continued efforts of meeting the needs of our current membership and understanding who we are and how Al-Anon helps. It is only open for a short time, **it will end at Midnight EST on February 27, 2018.** It is estimated to take 20 minutes to complete. Because it is anonymous, if you do not complete it your progress will not be saved. All answers are given in multiple choice with the exception of the last question which allows you to write a short paragraph if you choose.

Watch for our newest pamphlet: Understanding & Hope for Parents & Grandparents (P-94). It is planned to be released in April. The next two books to be introduced will be the Intimacy Book and another Daily Reader.

One recent change to ordering Literature is that some things are only available for downloading and will not be printed or shipped by WSO. These are Guidelines, and Literature Catalogs. I made an order from WSO myself just last month. I did receive a 2017 Literature Catalog in with my order. I assume that is the way they will use up the existing supply.
