

FEBRUARY 2-3 2019 AWSC GROUP RECORDS REPORT

Greetings all.

Again thank you for the opportunity to serve as P58 Group Records Chair. The more I work with the on-line WSO group records section the easier it gets.

The Group Records area of our Area 9 website is up and running.

I am going to learn how to do a tutorial that will be placed on the Area 9 AIAnon site on how to update on WSO

Also I am working on FAQ - 1 of the most frequent is why the district Group Records Chair can't modify the lists I send - I will get the answer to Pat A, out Technology Chair, by AWSC.

We currently have 511 meetings on our list - some of these are no longer active or have bounced mail. I will endeavor to send updates to the Districts Group records chair so we can continually keep our list accurate so members can find a meeting

I urge all district Group records chairs to join the on-line Group Records - AFG Connects

As an FYI - We had a lot on onsite registration and meal sales at the Fall Assembly. I was lax in not having enough badges and meal tickets downstairs and had to keep running up to my room for more. I plan on keeping All of my extra supplies in the registration area. I so appreciated everyone's patience last fall. On the job learning is a great tool.

Below is the link to the Group Records page on the area website

Hugs to All

Susan
