

January 1, 2018 In Preparation Document for AWSC Feb. 3-4, 2018

Here are reminders in connection with our upcoming meeting:

1. Our meeting is taking place on Saturday Feb 4 and Sunday February 5 this AWSC. We are planning to trial this change in time through 2018.
2. Reports are due to the Technology Coordinator (technology58@afgarea9.org) by January 24, 2018. My suggestion for your reports is to keep them to your plans or ideas for the new panel. DRs & AISLs please combine your reports to one document following the same format.
3. You will each make your own room reservations getting your own roommate. If you have difficulty obtaining a roommate, then I will be of help to you in finding one. The link for the hotel is on the website. Please go there to click the link.
4. Our meeting will be on Saturday and Sunday. There will be a regular AI-Anon meeting on Saturday morning for those of you who plan to stay on Friday evening if you want to avail yourself of that. We will have a half hour of coffee and fellowship at 11:30 AM. We start with a Lunch and Learn session at 12:00N and the formal business session begins at 1:30PM. You can see the Agenda for the details. There will be no formal business on Friday evening with the exception of an Officer's Meeting.
5. There may be some of you, due to travel distance, that may want to stay on Friday evening and certainly do that if necessary. That's an individual decision. There will be no pressure on time of arrival for you on Friday evening which may help with those who are working and traffic considerations on Route 4.
6. The Spiritual Meeting will be on Saturday evening after dinner (which we will share together). There will be considerable business done on Sunday after breakfast (which will be provided) so it's important that you stay at hotel on Saturday night.
7. There will be AMIAS training on Sunday, 1:30PM.
8. **BRING YOUR SERVICE MANUAL!!!!**
